

## Medley Mix / Mash Up - Project 4

The purpose of this project is to create an audio project that contains parts of several pieces of music "mashed" together to create a single music example. This medley mix is a process that is used in the music, TV, sports, and entertainment world. Many athletes (dance teams, cheerleaders, gymnastics routines) use medley mixes in their routines for competition. Medley mixes are often found on the radio for commercials or for quick

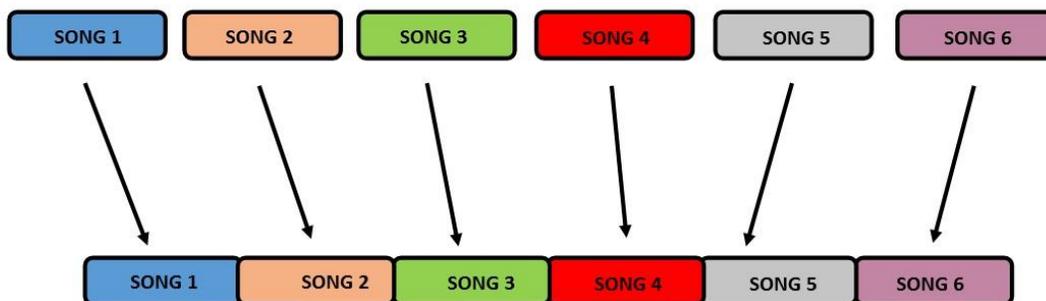

### Procedures:

1. Students should plan on using at LEAST 6 DIFFERENT SELECTIONS OF MUSIC
2. Every 10-15 seconds there should be a change in the song by way of a different audio clip
3. Students will create a final "work track" in Audacity that will contain various audio cuts from several (at least 6) pieces of music.
4. Students will cut sections and paste them into ONE WORK TRACK.
5. Make sure each audio clip is adjusted in volume and in panning.
6. Project should reflect a total mix of all music used. Students should make several cuts from each selected piece of music.
7. Feel free to split tracks and play different pieces of music through different tracks.
8. Project should be at least 1 1/2 minutes in length. NO MORE THAN TWO MINUTES
9. Save your project as an AUDACITY PROJECT FILE ( Project 4, LAST NAME)
10. Have fun and be creative!!
